Scandal Queen Returns Miss Shannon to perform at Whiplash!

Reclusive star of the 80s nightlife scene Miss Shannon will be making a rare appearance this Wednesday night at Whiplash. The subject of scandals involving sex, sadomasochism, and jumprope. This former *Miss Boybar* has hid from the public eye to "protect her own sanity", recounts the busty beauty, "reporters, photographers, stalkers...I needed some time for me". You may recall in 1988 at the height of "Shannon mania" the sultry siren's career was almost destroyed by graphic reports linking her to actor/comedian Eddie Murphy. "Eddie and I were very good friends" says Shannon, "I know he'd wish the best for me."
